

EVERYTHING YOU NEED TO KNOW ABOUT PACIFIC DISCOVERY'S COVID RESPONSE

COVID-19 has impacted all of our lives greatly, and Pacific Discovery has developed rigorous policies for safety based on professional advice and endorsement.

OBJECTIVE

We aim to provide meaningful experiences for our students as they explore the world as safely as possible. The health and safety of our students, instructors and the community members of the places we visit is of the utmost importance to us, which is why we follow strict safety protocols.

TESTING PROTOCOLS

- Students are required to show proof of a negative test less than 72 hours prior to departure.
- In order to confidently assemble ourselves as a COVID-free pod, every student and instructor will be tested on day five of the program, as this is the average incubation period according to the CDC. Once results are received, we will be able to drop restrictions amongst group members.

RESULTS / FINDINGS

263

STUDENTS ON PROGRAM SINCE COVID

0

COVID CASES ON PROGRAM

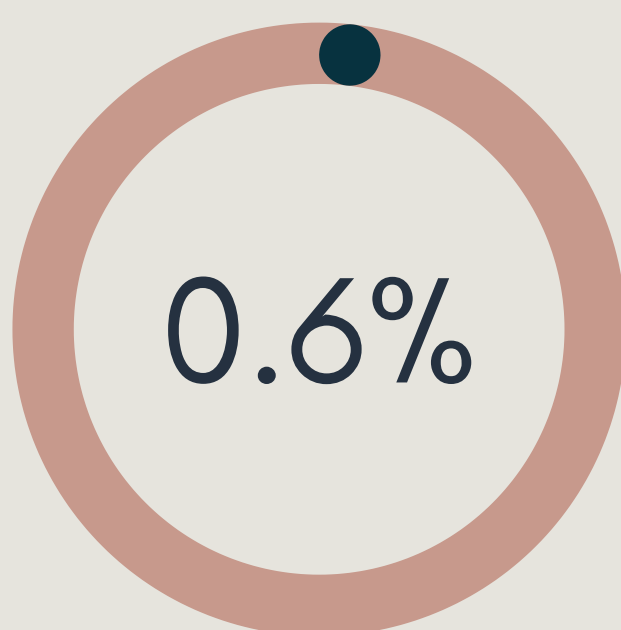

PERCENTAGE OF STUDENTS WITH COVID ON PROGRAM

OTHER PROTOCOLS ON PROGRAM

- Small group size, with high supervision ratio is enforced
- Physical distancing enforced external to the group 'bubble'
- Avoidance of indoor public spaces, and public spaces where social distancing cannot be observed
- Pre-checked partner/operator COVID plans
- Permission and procedure for student and group isolation in the event of any signs or symptoms of any illness
- Daily health checks (including temperature)
